

HOMESCHOOL DAY

at the Jenney

Thursday, April 24, 2025 from 9 am to 4 pm
Come and discover what made America great in the first place!

Start your day in Plymouth at the National Monument to the Forefathers, where you'll grab your passport and off you go! Tour the Monument and take a walk through historic downtown Plymouth... a few exciting historical characters may even meet you on your tour! The afternoon will feature programs on topics such as *"Work is Worship," "A Biblical Worldview," "Faith in God,"* and more. The day will also include hands-on crafts, music, and a visit to the Jenney Interpretive Center exhibits and gift shop. (Recommended for ages 6 and up; strollers suggested for children under 5 years.) End your day with a visit to the fish ladder, and if all goes well, witness the herring swimming up Town Brook! (Hopefully the fish will be "running" during this time – after all, this is nature, and we can't control these little guys!). While at the fish ladder, enjoy a talk that covers the events that have happened there. Don't miss this fun, immersive day of learning about the Pilgrim roots of our nation!

Homeschool Day at the Jenney Registration:
